Re: Bullard Havens Roof
Replacement

Dear John:

I wanted to take a few minutes to thank Silktown for a great job that was done on the Bullard Havens Roof Replacement project. Your staff at Silktown is without question the hardest working group of professionals I have had the pleasure to work with, hardworking honest and bottom line get the job done.

Your project manager Gary Deroy did a very good job with dealing with the political issues that are involve in dealing with the state. The vast amount of paperwork is hard to keep up with, I myself had trouble, but Gary did a real nice job in getting it done with regard to paperwork and overall the whole job.

I really just wanted to show gratitude for the hard work that Gary and Silktown's provided on the Bullard Havens Roof replacement project. Lastly just to name a few others who have been great on other projects: Rich Mielcarz and Voytek Florkiewicz two others that I had the pleasure to work with. I look forward to future projects with Silktown, again thank you for the Professionalism and Hard work.

Sincerely,

Michael Duane
